Gustavo Schultz

FRONTEND DEVELOPER

Personal Statement

I'm frontend developer with three years of experience. I have as main experiences HTML, CSS, JavaScript, React.js and React Native. I'm able to develop mobile apps, sites and beautiful and responsive web applications. I'm always learning new skills and i'm anxious to become a full-stack developer.

Languages

Portuguese: Native
English: B2 (CEFR)- I'm studying to improve.

Experiences

Frontend Developer

Firedev IT - 12/2021 to 07/2023

I improved my front-end developer skills a lot, my programming logic, my communication and i learn new skills.

I performed code refactor and faced challenges.

The main tools i used was ReactJS, React Native, Typescript and NodeJS.
